

## **L.A. AUDIO SHOW & SPRING SPECIALS** **EFFECTIVE MAY 15 - JUNE 30 ONLY**

We are pleased to offer our "Factory Direct" 2017 L.A. Audio Show and Spring Specials covering our entire product line of power supply, interconnect & speaker cables. Included is **ALL of our current in-stock inventory of these cables at one time extra special discounted pricing**, plus all standard catalog lengths of our cables at "factory direct" pricing. Once any "in stock" cable is sold out, that type and length will then be available at special "direct factory" pricing as shown on the list of cables after the one-time extra special discounted pricing. Custom cut (special order) lengths will also be available at reduced prices and will be quoted upon request. For detailed technical information, descriptions and pictures of all cables, please click on the appropriate sections for each series and type on our web site.

\* Sale Prices are in effect for ALL orders received from May 15 - June 30 only.

\* All prices are FOB factory. Based upon the weight and destination delivery address for each order received, we will advise you of the additional cost for shipping via the least costly carrier of our choice (USPS Priority, UPS or Fed-Ex), plus handling and processing fee for payment in advance with a credit card through PayPal only. Overnight, second and third day expedited deliveries are also available at an additional cost.

\* Please contact us by e-mail ([sales@soundstringcable.com](mailto:sales@soundstringcable.com) or [lmiller@soundstringcable.com](mailto:lmiller@soundstringcable.com)), or phone us at 203-853-9300 for applicable shipping, insurance, handling and processing costs.

\* Sales within the continental USA can be paid with a credit card through PayPal only. Please specify that your PayPal payment be made to **sales@soundstringcable.com**. You may also pay us with a certified personal or business check, bank check, or a bank or postal money order made payable to Soundstring Cable Technologies, LLC and sent to us via first class mail to our factory address at 149 Woodward Avenue, South Norwalk, CT 06854-4793.

\* Sales to ALL destinations outside the continental USA are payable with a credit card through PayPal only with the payment made to **sales@soundstringcable.com**, or with a SWIFT International Bank Wire Transfer. Please contact us via e-mail for the information necessary to make a SWIFT bank wire transfer if that is your preference.

\* All sales are final. No returns or refunds will be accepted unless there is a defect in materials and/or workmanship. Should that happen, we will repair or replace the defective cable at no extra charge. Please contact us for instructions on making a return for repair or replacement within 10 days of receipt at your delivery address.

Thank you for your business and best wishes for a pleasant Spring & Summer!
